All-New Technical Data Manual now available

Most up-to-date manual in the Hollow Metal Door and Frame Industry

January 8, 2010 FONTANA, Calif. — Door Components has published an updated technical data manual, containing all the technical information that dealers need to support their customers. This major project includes the update and re-drawing of more than 70 pages of technical information.

Among the content in the manual is detailed technical information on:

- Frame anchors
- Frame details
- Frame hardware
- Door locations
- Door types
- Door details
- Door hardware
- Door clearances

The complete manual is available on the Door Components website; it is currently posted on the Home page <http://www.doorcomponents.com/> and is also one of many documents in the website Library <http://www.doorcomponents.com/library.htm>.

Printed copies are available by calling the company at (866) 989-3667 or sending an email request to sales@doorcomponents.com.
